REGATTA DIRECTOR NOTICE #25

Issued 16 September 2015

Re: AC Class Rule 6.11 and 6.13

As required by AC Class Rule 6.11 and 6.13, please find below the following details:

AC Class Rule 6.11

The **Sailing Weight** shall be between 2300 kg and 2400 kg. The **Sailing Weight** includes 127 kg of **ACEA** equipment in the **measurement weight** and 18 kg of **ACEA** equipment in the **wing measurement condition** weight.

AC Class Rule 6.13

The center of gravity of the **AC Class Yacht** when in **measurement condition** shall be between 6.100 m and 6.400 m forward of the **stern plane**.

These details are subject to agreed amendment processes in the AC Class Rule.

Iain Murray
Regatta Director
