

AMERICA'S CUP

REGATTA DIRECTOR NOTICE #50

Issued 05 June 2016

Re: Anti Doping Arrangements pending detailed instructions from World Sailing

In Regatta Director Notice #11, World Sailing requested Competitors to supply details of the crews that will be competing at a Louis Vuitton America's Cup World Series regatta.

ACRM continue discussions with World Sailing with the intent of Competitors and individuals being provided comprehensive details on what is required of them under the America's Cup Anti-Doping program. Until this is published, I ask that all Competitors complete the details for the crew racing at Louis Vuitton America's Cup World Series regattas. Competitors may provide the details in the form of a spreadsheet or complete a form for each crewmember.

Attached is the Athlete profile document.

These details should be returned to World Sailing (esther.hanson@isaf.com) prior to racing.

Iain Murray
Regatta Director
