REGATTA DIRECTOR NOTICE #52

Issued 7 July 2016
Amended 8 July 2016

Re: Bermuda Weather Data

Further to Regatta Director Notices #18, #38 and #48, please find another link to weather data in Bermuda below.

<https://beta.windguru.cz/station/302>

Windguru offers Competitors an alternative access to the data through their API explained at https://stations.windguru.cz/json_api_stations.html free of charge. Competitors interested in this alternative method can contact Kamil Kolesa (kk@windguru.cz) to obtain the station ID and password that this data access system requires.

I believe this data is readily available to all Competitors, as allowed by Protocol Article 40.1(d). For the avoidance of doubt, I approve the data contained in this specific link as available to all Competitors on a reasonable commercial basis (as allowed by Protocol Article 40.1(e)).
